# Make your hotel Instagram worthy

Transform your hotel with bespoke soft furnishings.

Create a look and feel that you and your guests will be proud to share 

## The quality touch.

Luxury interiors that invite your guests to relax.

The smallest touch can evoke the strongest emotions. Exquisite soft furnishings, using tactile fabrics that inspire your guests leaving them raving about their stay, longing to return time and time again.

## A fresh start for the new season.

Revamp your rooms, while keeping them in action.

We know business must continue. Revamping soft furnishings provides instant visual impact, with minimal disruption.

- Frame your view with elegance and transform your rooms with wonderful curtain fabrics and beautiful blinds.
- Refresh worn, tired chairs to match their style with their comfort.
- Update furniture and furnishings to complete a new look or reinvigorate an old one.
- Create a tasteful dining experience with new or improved restaurant furniture.
- Introduce cosy corners and luxury window seats for a touch of the unique.
- Add a poof of comfort and splash of colour and texture to any room with bespoke scatter cushions.

# Bespoke, unique, luxury, with sustainability in mind.

It's the finishing touches that will elevate your hotel above the rest.

At Niki's Soft Furnishings we have over 40 years of combined experience transforming retail, hospitality, and commercial spaces.

We want your soft furnishings to reflect your vision. Our bespoke service will ensure your desired finish, whether it's the colours, textures, or sourcing quality sustainable materials to reflect your sustainability efforts.

We can create an elegant ambience, and fit-for-purpose soft furnishings using style, fabric, and furniture solutions.

CASE STUDY 01

Turning a beautiful design into reality.

# Complete Renovation of White House

After buying their dream business, Katie and her husband set to task to completely renovate their boutique hotel in South Devon. After feeling like a rabbit caught in headlights, they commissioned NP Soft Furnishings to help bring their unique vision of a warm, eclectic and quirky hotel to life.

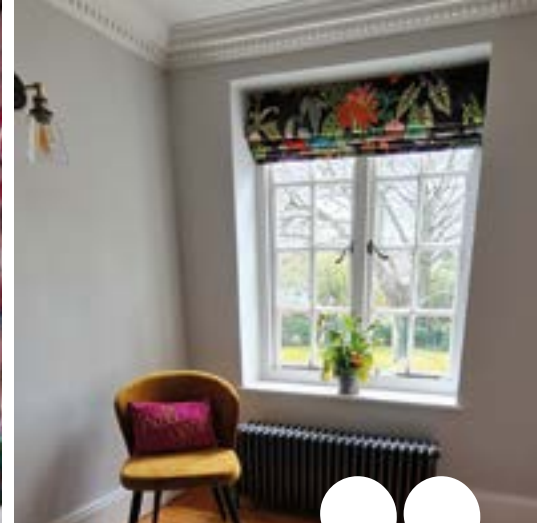

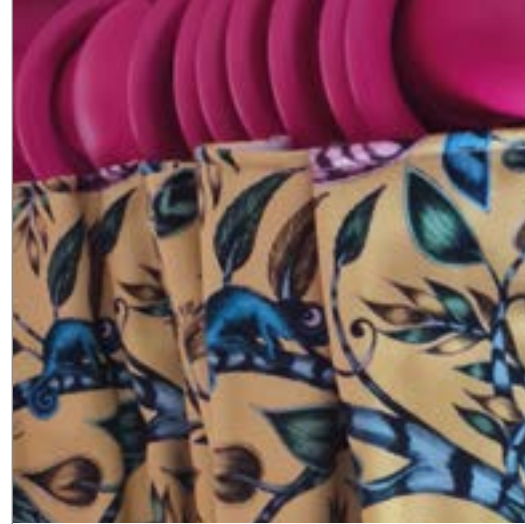

Katie and her interior designer visualized her room scheme providing us a framework to work with. We got to know Katie and took time to listen and understand the unique style she was looking for. As our relationship grew, Katie felt confident to trust us and our quality products to create her beautiful vision and provide inspiration when it was needed.

Helping her select the right fabrics, we supplied fabric for statement scatter cushions and curtains, sourcing curtain poles and finials to complete the finishing touches to make her hotel Instagram ready.

By taking time to understand her vision, we got to know what fabrics she would like therefore saving her precious time and helping to inspire her next projects. We worked with Katie to achieve her desired scheme and continue to support her to maintain her beautiful hotel.

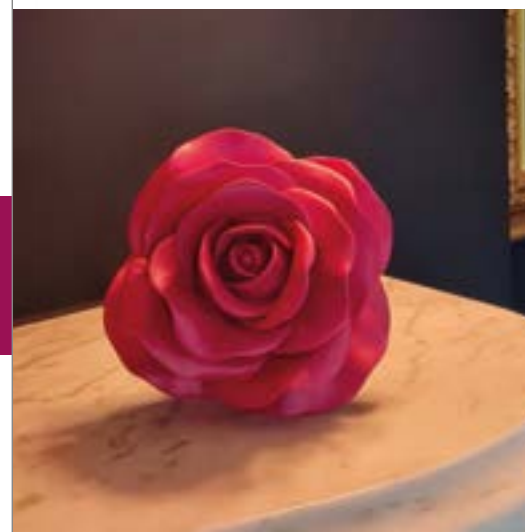

We enabled Katie & her designer's mood board to become a reality

From the historic to the modern.

# Bringing vision to life at Boringdon Hall Hotel & Gaia Spa

We've enjoyed working with owner Gayle Nettleton on an ongoing basis since 2011, to help transform this beautiful large Elizabethan manor. Gayle had a clear design direction for Boringdon Hall, so our role has been to work collaboratively with her and her team to deliver and fulfill her vision.

Throughout this challenging and innovative build, we worked in phases and stages with tight timeframes and to budget. Starting with the ensuite bedrooms, moving through reception rooms, suites, conference rooms, entrance halls, the Great Hall, and the Gaia Spa.

We explored, investigated and found solutions from fabrics to fixtures, including a recess curved curtain track to fit within the innovative architectural features. Embedding ourselves within the team and building relationships, we worked closely and with integrity as we all moved towards Gayle's vision.

*I would certainly recommend NP Soft Furnishings. We used Niki and her team to provide bespoke soft furnishings for Boringdon Hall hotel and our Gaia Spa project. They took the time to listen and understand what we wanted, helped find solutions to challenges we faced, and delivered a great quality product within a strict budget and tight timescale all ready for Gaia Spa's grand opening.*
